**COME HOME** Seeker? Perhaps you're not yet a Christian (or just unsure) and would like an overview of the basic facts of Christianity. You're interested in spiritual things and are aware of looking for something more (love, meaning, power, to change, forgiveness). Why not consider Jesus? Begin with these basic concepts and get beyond myths, opinions and emotionalism. Examine something before you judge it. Don't be biblically illiterate or one who takes ideas out of their context. This booklet could be the means to introduce you to the biblical Jesus who is still fascinating and transforming people of all cultures into a new international family. By beginning with understanding these basic truths you will come to realize that Christianity is both something to be believed and someone to be received.
